Competition against our NT by LHO

After strong DBL by LHO – Guoba

After 2C showing Majors, DBL is cards. DBL then DBL is PEN. Pass then DBL is T/O. DBL then Pass is F if below 2NT.

After 2C showing something else that Majors – SYSTEM ON,
DBL = Stayman. Pass then DBL is T/O

If O/C shows two specific suits DBL is PEN.

If O/C shows the suit bid (and possibly another suit) DBL is T/O.

If O/C shows one- or two-suited hand with or without the suit bid
- DBL shows cards (opener should treat it as PEN).

After DBL (PEN or cards) any further DBL by both partners is PEN.

DBL (PEN or card-showing) then PASS is Forcing if below 2NT.

DBL (any) then DBL is PEN (unless the same suit).

PASS (when DBL would be T/O) then DBL is PEN.

PASS (when DBL would be PEN or cards) then DBL is T/O.

PASS then bid is S/O, 2NT is inv.

3-LEVEL DBL is T/O

Competition against our NT by RHO

When Guoba applies, both C+H and C+S are considered non-touching

Shows a reasonable 3-carder (then RDBL by responder is PEN),

RDBL shows a 4-carder.

1NT – 16-19, nat.
DBL – T/O
2NT – offensive weak 2-suiter
2m, 2M, 3m – natural

1N (WK) DBL 2M DBL = penalty

1m any Pass 2m

DBL – natural, does not promise extras

1S 2H DBL

RDBL – Ax or Kx in H, exceptionnally 3

2M 2NT Pass

3C - S/O in any suit
3D - inv. or better in the other Major
3M - Stayman

1NT (weak) DBL 2H

2NT – Lebensohl

If 2NT would be natural, Pass followed by 2NT after DBL
by pard is almost always Lebensohl, rarely scrambling

If there is a game still possible 2NT is Lebensohl, otherwise it is
scrambling

[18] SLAM BIDDING

KEYCARD BLACKWOOD

KCB 4NT, other cases (Gerber, Exclusion,...)

King ask promises all the keycards and the Queen; may be
courtesy, asking for source of tricks rather than specific King

DOPI (no DEPO), (3014)

Specific Kings

After Queen ask bid the closest King if positive (or 5NT)

With useful void 5NT=even, 6void (or 6trumps)=odd

When hearts are agreed and 5D (0 or 3) was the RKB response, 5H is to play opposite 0, the queen-ask opposite 3.

5S is asking to bid 5NT (to get out)

The suit which is not a queen ask is an asking bid in that suit (for queen, otherwise ask for kings)

5NT

5NT is

- a) pick a slam (if trumps are not clearly agreed), or
- b) grand slam force, otherwise

Responding to a grand slam force, bid:

- a) 7 having two cards
 - b) 6 having none
 - c) something else having one card (cheaper the better)
-

CUE-BIDS

1st and 2nd round control equally.

Courtesy cue-bid below game level.

1st opportunity partner's suit cue-bid is with an honour only (skipping a side suit cue-bid is permitted then), while a 2nd opportunity pard's suit cue-bid shows shortness.

When a Major suit is agreed at 3M level, after Jacoby or direct 2/1, 4m is a serious cue-bid, while 3NT is frivolous.

When a cue-bid is doubled, RDBL shows 1st round control (by each side), Pass asks for RDBL (if 1st rd control). If the doubler's pard will be on lead, Pass shows a possibility of losing two fast tricks (no A, K, Q or shortness). The cue-bidder redoubles with 1st round control, continues bidding with KQ or shortness, otherwise returns to the suit agreed.

[19] TONTO (AFTER PARD'S 3NT ADVANCE VS 3-LEVEL PREEMPT)

- 4C transfers to the cheaper major. After a transfer to a major, 3NT overcaller bids :
 - 4NT with void in the suit transferred to, or a stiff with a source of tricks
 - 4 of a major transferred to, with a misfit
 - graded responses: the cheaper the better, with a fit
- 4D transfers to the suit following the cheaper major
- 4H transfers to the remaining suit. After a transfer to a minor, 3NT overcaller bids
 - 4NT with a misfit
 - graded responses: the cheaper the better, with a fit
- 4S is regular Blackwood
- 4NT is quantitative (around 14 HCP)

Next bid by 2nd defender :

- 4NT is key card Blackwood after showing a fit, and quantitative after showing a misfit
 - new suit is cue-bid (length) after showing a fit (later 5NT would be RKB) and natural with some interest after showing a misfit.

[19] MISCELLANEOUS

FORCING PASS

When the bidding is forced to the next level in COMP- Pass
Shows extras, bidding the agreed suit is negative (also at
partscore level).

After 2C opening and COMP by LHO, Pass by responder shows
Some values (may be trap) while DBLE is WK.

FSF is always GF (not to 4m). After that fast arrival is ON.

SPECIAL DOUBLES

- DBLE of Splinter =
 - a) lead the highest of the remaining suits or
 - b) possibility of save (if first bid and white vs red)
- DBLE of constructive raise is take-out
- DBLE of limit raise is lead directing (or save suggesting)
- DBLE of forcing NT is take-out of the suit opened
- DBLE of suit opened, overcalled or raised = do not lead this suit

White O/C means nothing (exceptionally as few as 6HCP), red O/C is solid, 2-level O/C is good, usually with 6 cards

After 1m opening DBL of a cue-bid by opener shows a real suit

After 1M opening DBL of a cue-bid by opener shows extras

Running out of a DBL to a two-suiter with one or both suits
known:

- natural bid of the closer suit shows this suit longer or equal
- RDBL shows the closer suit shorter

Suction against strong 1C or 2C up to 2NT level.

Passed hand 1NT overcall is Raptor (unless two suits were bid).

Cue-bid response to a take-out DBL forces until a suit is raised,
a suit is repeated or NT is bid.

When everybody bids at low level DBL by second defender shows
The missing major suit (if possible). Otherwise, it shows the
missing suit + tolerance for the pard's one.

1X 1Y 1NT DBL =T/O for 2 other suits

[20] LEADS

3rd (from 3, 4 and 6 carders) and 5th against suits (through the hand)

2nd from a bad suit (at most headed by the 10) and 4th against NT
(at least headed by Jack). From J98x – lead the 9.

9 lead against NT promises 10 or J

Later in the hand – tend to lead attitude

Attitude if partner leads an honor or if taken by Ace or King in
dummy

If partner leads A against suit and dummy shows at least Qxx,
low = a doubleton, high = 3 or more

Reverse Smith by both partners (even after encouraging or
discouraging). If not (in obvious situations) – suit preference

Standard remainder count

Count from three small = highest, from five = the middle one

On level 5 and higher – lead K from AK
